FISHERIES (AMENDMENT) ACT, 1997 (NO.23)

NOTICE OF MINISTERIAL DECISION TO GRANT AN AQUACULTURE LICENCE

Dear Catherine,

Please be advised that on 17th August 2026 the Minister of State at the Department of Agriculture, Food and the Marine approved the granting to you of an aquaculture licence for 10 years, for the cultivation of Atlantic Salmon (Salmo Salar) at site T06-202 (see attached information note). I attach a copy of the public notice of the decision which the Department has arranged to have published in the "*The Southern Star*" and "*The Kerryman*".

Any person aggrieved by the decision may, in accordance with Section 41 of the Fisheries (Amendment) Act 1997, appeal against it in writing to the Aquaculture Licences Appeals Board (ALAB). This appeal must be lodged within one month beginning on the date of the publication of the decision.

Note: As marine aquaculture operations require separate Aquaculture and Foreshore Licences, a separate determination on the foreshore licence application will be made once the licensing authority, or if appealed, ALAB have made a determination on the aquaculture licence application.

I will share a copy of the draft Aquaculture Licence via SharePoint directly after this email for your attention. This licence will be issued as soon as practicable after the end of the appeal period if no appeal is lodged before the end of that period.

Regards,

Nicole
