Subject Matter of the Appeal

Application for an aquaculture licence
 for Site T06/392A

Site Reference Number:-
(as allocated by the Department of Agriculture, Food and the Marine)

T06/392A

Appellant's particular interest in the outcome of the appeal:

I take in oysters from other sites and grade them for market on the strand near this site. It would be very convenient to store the oysters on this site before I sell them. I have to access other sites by boat, I could take the oysters from this site by jeep and trailer when the weather is bad.

Outline the grounds of appeal (and, if necessary, on additional page(s) give full grounds of the appeal and the reasons, considerations and arguments on which they are based):

I have a mussel site directly outside this site. I have applied to the co-op for a letter allowing me to grow oysters on this site. I work with oysters on the strand in this area. The currents are strong and the water is constantly being refreshed in this area. Therefore there would be no damage to the environment. I have been growing oysters for over 20 years. I am expanding my business and will employ more people.
