Site Reference Number:- (as allocated by the Department of Agriculture, Food and the Marine)	T06/466A
Appellant's particular interest in the outcome of the appeal:	
<p>This site would be suitable for growing small seed. It's nearer the open sea. I have suffered losses in seed over the years and I think there would be less mortality in a site like this.</p>	
Outline the grounds of appeal (and, if necessary, on additional page(s) give full grounds of the appeal and the reasons, considerations and arguments on which they are based):	
<p>I could use a part of the site that would have no impact on the views from the golf course. As I would only be using it to grow seed the impact on the water quality would be insignificant. It wouldn't have any impact on swimming or boating activities</p>
