**Re: Appeal against the decision of the Minister for Agriculture, Food and the Marine to grant an Aquaculture Licence to The Marine Institute to cultivate multi-species to include finfish, shellfish and seaweeds for research purposes on the foreshore on site T09/093 at Lehannah Pool, Bertraghboy Bay, Co. Galway**

To whom it may concern

I refer to the above Appeals and to previous correspondence of 11 April 2023 regarding the decision of the Board to consider appeals AP2/1/2023 and AP2/2/2023 as a single appeal in accordance with Section 42 (1) of the Fisheries (Amendment) Act, 1997.

In that correspondence it was stated that the rationale for this decision was that the appeals related 'to the same harbour'. I wish to correct that statement.

The rationale for the decision to consider these two appeals as a single appeal is the fact that they concern a decision of the Minister in relation to a single aquaculture site (T09/093).

I hope this clarifies.

This notice is being copied to all parties to the Appeals.

Yours sincerely
