Re: Appeal against the decision of the Minister for Agriculture, Food and the Marine to grant an Aquaculture Licence to Woodstown Bay Shellfish Limited for bottom-culture mussel farming on site T05/472A at Kinsale Harbour, Kinsale County Cork.

Dear Appellant(s),

I refer to the above Appeal which was received on 20 June 2022

The Board reviewed this timescale at its meeting on 06 October 2025 and has formed the view that it will not be in position to determine this Appeal by that date, due to having to consider the logistics of managing the appeals given the number of appellants and assessing all the issues raised in each appeal.

Accordingly, the Board hereby gives notice, as provided for in Section 56(3) of the Act of its intention to determine the Appeal by 05 October 2026.

I refer to the above Appeal which was received on 30 June 2025

Section 56(2)(a) of the Fisheries (Amendment) Act 1997 (the 'Act') requires that the Aquaculture Licences Appeals Board (the 'Board') endeavours to determine an Appeal within a period of four months beginning on the date of receipt by the Board of the Notice of Appeal.

The Board reviewed this timescale at its meeting on 06 October 2025 and has formed the view that it will not be in position to determine this Appeal by that date, due to having to consider the logistics of managing the appeals given the number of appellants and assessing all the issues raised in each appeal.

Accordingly, the Board hereby gives notice, as provided for in Section 56(3) of the Act of its intention to determine the Appeal by 05 October 2026.

Yours sincerely

Karl Brogan
Secretary to the Board
