Dear ALAB,

My name is Gavin Gallagher and I am a Falcarragh resident. I want to express my objection to the shellfish farming licences in Ballyness Bay.

I am very concerned about the impact the farms could have on the bay, its wildlife and the surrounding environment. Ballyness Bay is a special place for those of us who live here, and I am worried about the long-term effects of these developments.

I would also like to know what the current state of play is regarding the licences and the ongoing legal proceedings.

Is there still an opportunity for local residents to make their views known, and if so, what is the best way to do this? I would appreciate any information you can provide about the current situation and what happens next.

I understand there may be a deadline of 2 November 2026 for submissions, so I would be grateful if you could clarify whether this applies to me as a local resident and what I need to do.

Thanks,

Gavin
