Dear Sir /Madam,

I am writing to express my full support for the aquaculture licences in Ballyness Bay.

I have lived in this local area all my life. I know how hard it is to find work here, and we desperately need local jobs. If we do not support industries like this, our young people will have no choice but to emigrate to find a living.

Keeping our youth at home keeps our whole community alive. The money earned from these jobs will be spent locally, which directly helps our village shop, the local butcher, the hairdresser, and other small businesses.

Our coastline is very important to us. I truly hope and believe that these licences can work in harmony with the environment, without causing any damage to our local beaches.

I kindly ask the Board to support our community and approve these licences.

Regards
James
