A Chara,

I wish to lodge my serious concern and objection to the granting of an Oyster Farm Lisence at Ballyness Bay!!

I grew up in this beautiful area of Ballyness,Falcarragh.The Bay and its surrounds are an area of outstanding beauty .In fact the lands around Ballyness,Drumnatinney, Magheroarty are already a Potected Area of Conservation!

Why in under goodness would you allow A FEW to start such Farming for those FEW only to gain financially?

The area greatly depends on tourism and is part of the Wild Atlantic Way .It will do NOTHING financially for the surrounding area.We have seen the damage it has done to other areas around Ireland despite assurances otherwise.

These farms are an absolute eyesore causing extra noise due to the lorries coming and going at all times of the day!

The Oysters themselves will do untold damage to the ecosystem of Ballyness area and much much research has been compiled to prove this.

Please please do not allow our beautiful area of Ballyness Bay to be destroyed. We the locals and our increasing visitors absolutely adore it as it is.

Kind regards,
Mary (Geaney) & Liam Kavanagh.
