Dear Sirs,

We wish to register our protest against any grant of commercial shell fishery licence in Ballyness bay, Falcarragh.

The bay is one of a rapidly diminishing number of un-spoiled natural areas of visual beauty, nature habitat, and healthy recreation along our coastline. It should not be sacrificed to narrow commercial benefits.

As part of the Wild Atlantic Way, to permit this development would be to set about killing the goose that lays the golden egg.

We appeal that the many, often unquantifiable benefits of such a tranquil, unspoiled and natural place are given due weight in the licensing process and that the proposal is rejected or burdened with such conditions that it is rendered unviable.

Regards,

SP and AM Warwick
