I am writing to express my total opposition to the granting of licenses in Ballyness Bay. There are many reasons to oppose this. First and foremost, have you seen the beauty of the Bay? And the surrounding areas?? The area at Moville, where there is oyster farming, is disgusting, ugly and polluted.

I am also objecting to ALAB's total disregard of the concerns that have been raised about the damage to the environment of the bay. The introduction of non-native species of oysters and clams are a danger to the existing wildlife.

The bay is a favored spot for locals and tourists alike. It's a wonderful location for walking, boating, photography, fishing, kayaking, and I could go on. It's a wonder place of serenity.

Please do NOT grant any licenses. This would be a disaster to the Bay and surrounding area.

Regards,
Sheila Lennon
