Subject: T5 555 Aquaculture & Foreshore Licence - Shot Head, Bantry Bay, Co. Cork

Dear Sir/Madam,

SFPA response to the supplemental EIS in connection with the appeal of this licence is as follows:

The supplemental EIS when referring to the impact of farm salmon waste on water quality in Bantry Bay does not make any specific reference to shellfish farming. It would be useful if summaries of potential effects of fish waste and chemotheraputants on mussel growing sites in the area and Seal Harbour and Glengariff in particular could be included.
