Re: Appeals against the decision of the Minister for Agriculture, Food and the Marine to grant Aquaculture and Foreshore Licences to Thierry Gillardeau & Desmond Moore, Celtic Kerber, John Boyle, Gary Boyle and Brendan Boyle for the cultivation of Pacific Oysters using bags and trestles in Braade Strand, Gweedore Bay

Dear Minister,

I refer to my letter of 16 November 2018 in which the Board indicated it anticipated this Appeal would be determined by 30 June 2019.

Since then, the Board has, amongst other matters, sought a screening assessment to consider the potential impacts of the proposed development of oyster cultivation activities at Braade Strand and nearby intertidal areas near Bunbeg in Gweedore Bay, Co. Donegal, specifically on the bird conservation interests at nearby *Natura* 2000 sites. This report recommended that the assessment progress to a stage 2 Appropriate Assessment and is available on the ALAB website at

<http://www.alab.ie/media/alab/content/boarddeterminations/2017/ScreeningStageAssessmentBraadeFinal20190421.pdf>

The Applicant has now been requested to furnish a Natura Impact Statement within 3 (three months) i.e. by 23 September 2019.

Arising from this requirement, the ALAB Board again reviewed the timescale for determination of this appeal at its meeting on 25 June 2019, and has formed the view it will not be in position to determine this Appeal by 30 June 2019. Accordingly, the Board hereby gives notice, as provided for in Section 56(3) of the Fisheries (Amendment) Act 1997, that it is the intention of the Board that the Appeal will be determined by it as soon as practicable and by no later than 31 March 2020.

This notice is being copied to all parties to the Appeal.

Yours sincerely,

Mary O'Hara

Mary O'Hara
