LL: LA0538.1338

Applicant: Gerard Casey

Site: Castlemaine Harbour, Co. Kerry

Dear Ms. McDonald,

Thank you for your letter advising us of this application.

Based on the information supplied, there appears to be no objection to the development. It is important to ensure that no navigable inter-tidal channels are impeded by the site.

If a licence is granted, all structures must be clearly marked as required by Regulations and Licensing Permit conditions and to the approval of the Nautical Surveyor with the Marine Survey Office.

We would request that you include the following terms in the licence—

- That the applicant secures Statutory Sanction from the Commissioners of Irish Lights for the aids to navigation that may be required by the Marine Survey Office. These aids should be in place before development on the site commences. Statutory sanction forms are available at <http://www.irishlights.ie/safety-navigation/statutory-sanction.aspx>
- The size and specification of aids to navigation should be of the design and specification approved by the Marine Survey Office and must be agreed in advance with the Commissioners of Irish Lights.

It is recommended that local fishing and leisure interests be consulted prior to a decision being made.

Furthermore, if a licence is granted, the UK Hydrographic Office at Taunton: sdr@ukho.gov.uk must be informed of the development's geographical position in order to update nautical charts and other nautical publications.

Yours sincerely,

Capt. Harry Duggan
for Director of Operations and Navigation

**Re: Aquaculture and Foreshore Licence application T6/494 for Gerard Casey,
Castlemaine Harbour, Co. Kerry**

- The issuing of an Aquaculture and Foreshore Licence in the area identified as T6/494 for the cultivation of pacific oysters would have **no negative impact** on local sea fishing operations.

Yours sincerely,

Bryan Foran,
Sea Fishery Officer,
Sea Fisheries Protection Authority,
Dingle, Co. Kerry.
