Subject Matter of the Appeal

We wish to appeal the decision of the Minister to Grant licence T12/530.

The reason being, I currently have 2 Licences awaiting decision with Alab (T12/345A/1 & T12/492A) and as the bay is nearing full capacity I believe my appeals should be dealt with before any new licences are granted

Appellant's particular interest in the outcome of the appeal:

I currently have 2 licences awaiting decision (T12/345A/1 & T12/492A), The bay is near full capacity & I believe that my appeals should be dealt with before any new licences are issued.
My Company Crocknagee Oysters Ltd employs 20 full time and 40 seasonal people in what is a rural area with little alternative full-time employment. I believe the current licencing system undermines the sustainability of our business.

Outline the grounds of appeal (and, if necessary, on additional page(s) give full grounds of the appeal and the reasons, considerations and arguments on which they are based):

I applied for Licence T12/345A/1 on 26/06/2006, a greatly reduced variation of this was granted in June 2019 which I have appealed.
I applied for Licence T12/492A on 30/10/2014, a greatly reduced variation of this was granted in June 2019 which I have appealed.
I believe that as Trawbreaga Bay is near full capacity for ground coverage as per the appropriate assessment from the marine institute, my appeals should be dealt with before any new/ recently applied for licences are granted
