To whom it may concern.

I wish to reply to an objection raised recently by Derek Diver to the granting of two hardening sites to us in Trabreaga Bay.

These sites are only to be used as a vital part of our farm for storing oysters that are ready for sale or for holding stock that cannot be put on the growing sites owing to bad weather.

We first began talking to the Dept. of MARINE about these sites

in 2005 and were told then that  
the matter was on "the to do list".

We hope that this objection can be  
overruled soon as we find it almost  
impossible to operate without these  
sides.

Yours Respectfully,

John W. Kinney
